

SPECIAL ACCESS LIST OF COVID-19 TEST KIT (FOR PROFESSIONAL USE ONLY)

The list of Covid-19 Antibody, Antigen and Nucleic Acid Amplification Test (NAAT) that is recommended for use based on the decision on the consensus of the Covid-19 Test Kit Expert committee is as follows.

All test submissions are scored according to: -

- the manufacturer reported clinical and analytical performance evidence.
- the evaluation test results from testing facilities are according to the committee evaluation criteria set by Clinical expert panels.
- Supporting Documents for COVID-19 IVD Test Kits **Special Access Notification**.

Below is the list of all tests that have been selected to date and the status is Recommended for Use (please note: list is updated on a routine basis).

Notes:

***Sample type and lot number is based on testing facility evaluation report.**
